

AIRPORT LINK - BRISBANE

With its success at supplying major infrastructure projects like the Clem-7 Tunnel and the Gateway Bridge duplication, HaveStock is now supplying drainage products to the Airport Link and Northern Busway projects.

Working closely with the designers and project contractors, HaveStock has supplied many products to help this project meet critical concrete pouring times.

Products used in the project include :

- Road Gully Grates
- new Brio hinged stormwater covers
- Electrical pit multiparts

- Tunnel drainage galvanised grates
- Flametrap covers
- Kessel polymer concrete channel & grate systems.

BrisConnections (along with Thiess John Holland) is delivering the \$4.8 billion project which includes Airport Link, Northern Busway (Windsor to Kedron) and Airport Roundabout upgrade.

This is Australia's largest road infrastructure project and HaveStock has proudly supplied many products to meet the Qld Dept of Transport & Main Roads standards.
