MADE IN USA TREE GRATES BEAUTIFY GOONDIWINDI STREETS

EJIW EAST JORDAN
IRON WORKS EST.1885

HaveStock's new range of cast iron tree grates from East Jordan Iron Works (EJIW) in the USA, have hit the Australian market as an instant success.

The Goondiwindi Regional Council in Queensland, purchased 21 tree grates for their recent street scape upgrades in the town centre.

Ian Maddocks, HaveStock's Qld Sales Manager, worked closely with the Council to assist them choose from the many unique designs available.

"The Council decided on the 1200mm square Starburst tree grate and frame. This tree grate features an aesthetically

pleasing pattern and narrow slot openings to be safer for pedestrians." said Ian. "And by being made from cast iron, I know they will live up to any daily punishment and look good for many years to come." he said.

Tree grates are also available with custom logos, light ports and security bolting down.

HaveStock is stocking a wide range of EJIW tree grates and tree grates at their warehouses in Brisbane, Sydney, Melbourne and Perth.

Catalogues are available on the HaveStock website or by contacting your closest HaveStock office.
